## Cyber Security

Our goal is to fully protect your organization's data, assets, and people from cybercrime. With Intrust IT's security operations center (SOC) you can:

- Count on "always on" protection
- Feel protected by our \$1 Million Ransomware Guarantee against ransomware
- Benefit from our continuous research into emerging cyber security technologies

## IT Support

Tell us about your tech headaches and we'll respond quickly.

- Million Dollar Ransomware Guarantee
- Over 99% customer satisfaction rate
- No long-term contracts

## Hardware Services

- Onsite Technical Support
- Depot Work
- Server Monitoring
- Network Infrastructure Monitoring
- Network Configuration Backup
- Alert Response - Business and After Hours
