Cyber Security Protection

Our goal is to fully protect your organization's data, assets, infrastructure, and people from cybercrime and outages. Our partnership with Intrust IT includes a fully staffed 24/7/365 Security Operations Center (SOC) so you can:

- Rely on "always on" protection and incident response from a dedicated team of experts.
- Feel protected by their \$1 million ransomware guarantee.
- Benefit from continuous research into emerging cybersecurity threats, tools, technologies, and best practices.

Managed IT Support

- No long-term contracts.
- Fully managed or co-managed IT support.
- Strategic IT budgeting assistance.
- Advanced business continuity and disaster recovery solutions.
- Technology road mapping in alignment with business goals.

Trusted Partner

Like SSI, Intrust IT is an employee-owned company, so you can rest assured that you are always talking to an owner:

- Serving clients since 1992.
- Customer Satisfaction Rating exceeding 99% since 2016.
- Over 90% answer rate.
- Over 100 industry certifications.
- 1% of profits donated to charitable organizations.
- Voted Best Places to Work by Cincinnati Business Courier, Ohio Business, and Inc. Magazine.
